Subject: [External_Sender] RE: Contact and planned FA mechanism request re Amendment Request for First Urology, NRC License No. 13-35783-01, CNs 650076 & 646107
Date: Wednesday, April 29, 2026 2:59:01 PM

Hi Sara,

Below are the answers to questions 1 and 2 (see in red)

We will be responding to question 3 shortly. We are verifying that information.

C. Kelly Stoneberg
(724) 289-0722

Subject: Contact and planned FA mechanism request re Amendment Request for First Urology, NRC License No. 13-35783-01, CNs 650076 & 646107

Good afternoon, Kelly:

I am working on the amendment for the referenced license and have a couple of questions regarding contact information and the licensees' plans to submit the Decommissioning Financial Assurance instrument, following the issuance of the amendment. If you could provide me with some clarity regarding these items (email is fine), that would be most appreciated.

1. For Sarah Hughes, the proposed RSO, please provide a phone number, and a description of her availability to respond to any incidents or events at the licensee's facilities (by phone, time required to travel to the facility, etc.)
Email - shughes@onephysics.com Phone – (502) 552-5454
Ms. Hughes is available by phone and email to respond to any incidents or events as needed. She is located within one hour of the licensee's address of use by automobile.
2. For the current listed licensee contact person – Radiology Manager Brittney Vititoe, RT(R)(CT) – please confirm that this individual should continue to be listed and

provide an email address. If there is another in-house First Urology staff member that should be noted to be the contact person, please provide the name, title, email address, and phone number for that individual. AND

Brittney Vititoe should continue to be listed as the contact for the licensee. Her email is bvititoe@1sturology.com .

3. For the decommissioning financial assurance instrument to be submitted subsequent to the current amendment, please provide the following details, regarding the financial instrument to be provided:

- a. The date (ie, within 60 days of the amendment) by which the instrument and supporting information (Standby Trust Agreement and Certification that the instrument is in the amount of the Decommissioning Cost Estimate) will be submitted to the NRC;
- b. The instrument type (ie, Surety Bond, Letter of Credit) to be submitted in support of the license authorizations, and (if known), the name of the issuing institution; and
- c. The name of the issuing institution for the Standby Trust Agreement to be submitted along with the instrument, if known.

Thank you,

Sara
