Subject: Laboratory Name Change; License # 13-32402-01

Dear Magdalena Gryglak,

Eurofins Drinking Water and Wastewater West, LLC (formerly known as Eurofins Eaton Analytical, LLC) (“Transferor”) hereby requests approval of a license transfer and associated name update for its South Bend Laboratory under NRC License No. 13-32402-01 to Eurofins Drinking Water and Wastewater Central, LLC (“Transferee”).

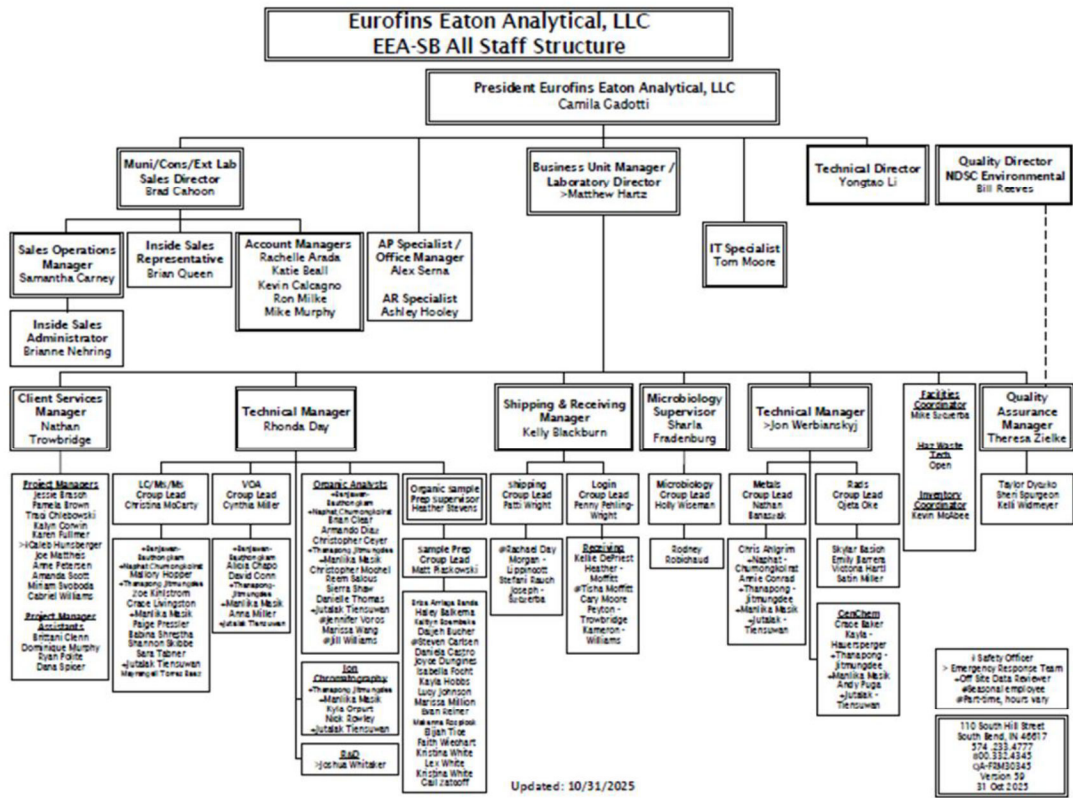

The South Bend laboratory is commonly identified as “Eurofins South Bend” in certain state certification systems and records due to character limitations; however, “Eurofins South Bend” is not a registered or formal d/b/a.

As requested in your email reply from Magdalena Gryglak on March 25, 2026 we are listing the three management contacts for 1) Eurofins Drinking Water and Wastewater West, LLC (formerly known as Eurofins Eaton Analytical, LLC); 2) Eurofins Drinking Water and Wastewater Central, LLC (South Bend, Indiana laboratory); and 3) Eurofins Environment Testing America Holdings, Inc., as well as providing responses to the requested information, Items 1 – 9, contained in Appendix E to NUREG 1556, Volume 15.

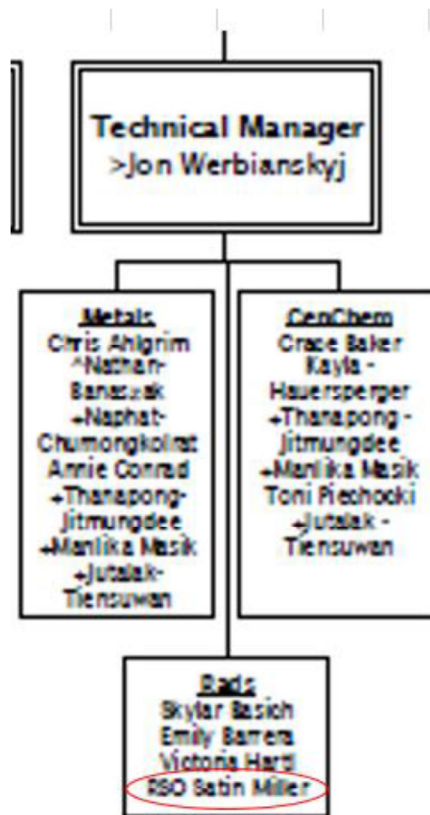

Effective January 1st, 2026, several entities within the Eurofins Environment Testing (USA) group of companies underwent a corporate to improve operational alignment and service delivery. As a part of this restructuring, ownership of the South Bend laboratory was transferred from Eurofins Drinking Water and Wastewater West, LLC (formerly known as Eurofins Eaton Analytical, LLC) to its affiliate, Eurofins Drinking Water and Wastewater Central, LLC.

The South Bend laboratory will continue operating as an important part of the Eurofins Environment Testing (USA) group of companies. Both Eurofins Drinking Water and Wastewater West, LLC (formerly known as Eurofins Eaton Analytical, LLC) and Eurofins Drinking Water and Wastewater Central, LLC (also known as Eurofins South Bend) are wholly owned subsidiaries of Eurofins Environment Testing America Holdings, Inc.

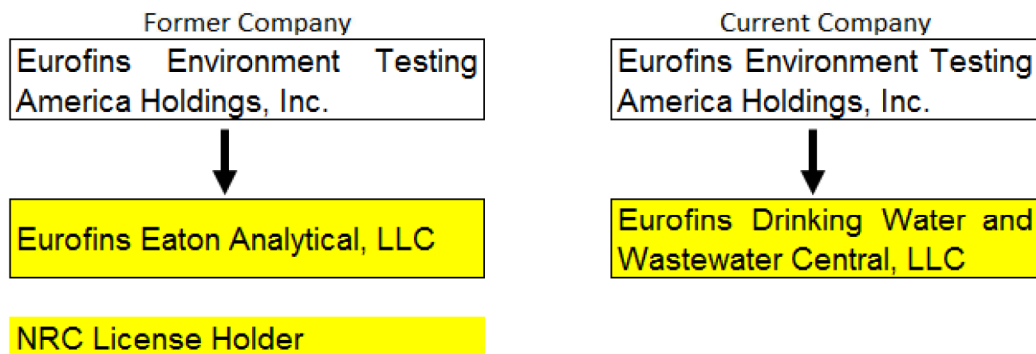

Full Organizational Chart (Former and Current)

Company Structure

The only organizational change is the appointment of a new President for Eurofins Drinking Water and Wastewater Central, LLC, Karl Anderson. No other changes other than name change.

Responses to *Information Needed for Transfer of Control Application*:

1. Describe any planned changes in the organization, including but not limited to, transfer of stocks or assets and mergers, change in members on Board of Directors, etc. Provide the new licensee's name, mailing address, and contact information, including phone numbers. Clearly identify when the amendment request is due to a name change only.

**Answer:** Please see the foregoing letter and organizational charts.

2. Describe any changes in personnel or duties that relate to the licensed program. Include training and experience for new personnel and any changes in the training program.

**Answer:** A separate letter was submitted on April 10, 2026, to address personnel changes (Authorized Users), however, the request is within the scope of the NRC licensed program and is not related to the business name change.

3. Describe any changes in the location, facilities, equipment, radiation safety program, use, possession, waste management, or other procedures that relate to the licensed program.

**Answer:** There are no changes in the location, facilities, equipment, use, possession, waste management, or other procedures that relate to the licensed program.

4. Describe the status of the licensee's facilities, equipment, and radiation safety program, including any known contamination and whether decontamination will occur prior to transfer. Include the status of calibrations, leak tests, area surveys, wipe tests, training, quality control, and related records.

**Answer:** The facility, equipment, and the radiation safety program remain the same. There is no known contamination present. All calibrations, leak tests, area surveys, wipe tests, training, quality control, and related records continue to be performed, and documentation maintained as required. The transfer is due to new business entity and name change.

5. If current decommissioning funding plans (DFP) will be changed as a result of the transfer, the revised DFP should be submitted. If other financial assurance documents will be changed as a result of the transfer, confirm that all financial assurance instruments associated with the license will be held in the transferee's

name before the license is transferred, and as required by 10 CFR 30.35(f), the licensee must, within 30 days, submit financial instruments reflecting such changes.

**Answer: Financial assurance regulations to not apply to this license.**

6. Confirm that all records concerning the safe and effective decommissioning of the facility will be transferred to the transferee or to NRC, as appropriate. These records include documentation of surveys of ambient radiation levels and fixed and/or removable contamination, including methods and sensitivity.

**Answer: Facility is not being decommissioned at this time. All decommissioning records will be maintained by the licensee/Transferee.**

7. Confirm that both transferor and transferee agree to transferring control of the licensed material and activity, and the conditions of transfer, and that the transferee has been made aware of any open inspection items and its responsibility for possible resulting enforcement actions.

**Answer: Both Transferor (Eurofins Drinking Water and Wastewater West, LLC (formerly known as Eurofins Eaton Analytical, LLC) and Transferee (Eurofins Drinking Water and Wastewater Central, LLC aka Eurofins South Bend) agree to transfer of licensed material activity, and the conditions of transfer, and that the transferee has been made aware of any open inspection items and its responsibility for possible resulting enforcement actions.**

8. Confirm that the transferee will abide by all constraints, conditions, requirements, representations, and commitments of the transferor or that the transferee will submit a complete description of the proposed licensed program

**Answer: We confirm that the transferee will abide by all constraints, conditions, requirements, representations, and commitments of the transferor or that the transferee will submit a complete description of the proposed licensed program.**

9. The transferee, in the case of fuel cycle facilities, shall provide documentation showing that it is financially qualified to conduct normal operations. The information can be in the form of income statements and balance sheet forecasts.

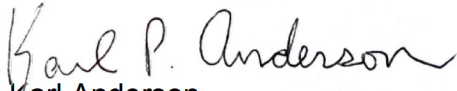

**Answer: Not a fuel cycle facility.**
