SUBJECT: U.S. NUCLEAR REGULATORY COMMISSION SUMMARY OF  
THE APRIL 16, 2026, CLOSED MEETING WITH  
WESTINGHOUSE ELECTRIC COMPANY TO DISCUSS  
APPLICANT PREPARED DOCUMENTATION RELATED TO  
ENVIRONMENTAL ASSESSMENTS

The U.S. Nuclear Regulatory Commission (NRC) held a closed meeting on April 16, 2026, where representatives from Westinghouse Electric Company (WEC) discussed activities related to the preparation of an applicant-prepared environmental assessment (EA) in support of a potential combined license application (COLA) under 10 CFR Part 52, Subpart C. The meeting was closed to the public due to the proprietary nature of the discussion.

The purpose of the meeting was to engage in initial discussions on WEC's approach to developing an applicant-prepared EA. The meeting provided an opportunity for NRC staff to offer feedback on the proposed process, regulatory considerations, and to clarify roles and expectations for future interactions.

No regulatory decisions or commitments were made at this meeting.

The public meeting notice posted on the NRC public website can be found under ML26097A169. The closed meeting summary is provided in Enclosure 2 (non-publicly available).
