MEMORANDUM TO: Michael F. King
Executive Director for Operations

FROM: Carrie M. Safford, Secretary

SUBJECT: STAFF REQUIREMENTS MEMORANDUM
SECY-25-0087 – RECOMMENDED REVISIONS TO THE
BASELINE SECURITY SIGNIFICANCE DETERMINATION
PROCESS

The Commission has approved the staff's request to withdraw the subject SECY paper.

The staff's request was based on the Commission decision on SRM-SECY-25-0045, "Recommendations for Revising the Reactor Oversight Process," to revise MD 8.13, "Reactor Oversight Process," so that changes to the significance determination processes no longer require Commission approval. The staff will inform the Commission of changes to the baseline security significance determination process through a Commissioners' Assistants Note before implementation.
