

UNITED STATES
NUCLEAR REGULATORY COMMISSION
WASHINGTON, D.C. 20555-0001

June 11, 2026

SECRETARY

MEMORANDUM TO: Michael F. King
Executive Director for Operations

FROM: Carrie M. Safford, Secretary

SUBJECT: STAFF REQUIREMENTS MEMORANDUM
SECY-24-0011 – FINAL RULE: REGULATORY IMPROVEMENTS
FOR PRODUCTION AND UTILIZATION FACILITIES
TRANSITIONING TO DECOMMISSIONING (3150-AJ59; NRC-
2015-0070)

The Commission has approved the staff's request to withdraw the subject SECY paper. This decision was made in light of the ongoing rulemaking activities associated with Executive Order (EO) 14300, "Ordering the Reform of the Nuclear Regulatory Commission," which are expected to affect the subject rule. However, the staff should provide the Commission a draft final rule within six months after completion of the EO 14300 rulemakings. If any rule requirements depart from their original intent in SECY-24-0011, staff should include a clear explanation and justification for those revisions.
