Subject: Consolidation of the Two Cardiology Physicians Licenses into One

The licensee has two radioactive material licenses and requested to consolidate both licenses into the 07-30420-01 license and to terminate the 07-30713-01 license. In the letter, they referenced the licensee name was Cardiovascular Consultants of Southern Delaware. I confirmed with the RSO that this was a typo. I also confirmed that all locations should be authorized for 10 CFR 35.100 and 35.200. Anthony Clay, D.O. and Gaetano Pastore, M.D. should be added to the existing license. The authorized users on the remaining license should be given 10 CFR 35.100 (they are already authorized for 10 CFR 35.200). All authorizations, facilities, equipment, etc. will remain the same for now, but some facilities will eventually be closed and removed from the license. Those amendment requests will come later.

Action Required: Proceed with issuing the license amendment and termination.
