NRC AI Workshop 2026

PUBLIC MEETING ANNOUNCEMENT

Title:	NRC Artificial Intelligence Workshop 2026 - Navigating the AI Landscape: Regulator Transformation, Industry Innovation, and Global Collaboration
Date(s) and Time(s):	September 15, 2026, 09:00 AM to 05:00 PM
Location:	Hybrid 11555 Rockville Pike NRC Auditorium Rockville MD
Category:	This is an Information Meeting with a Question and Answer Session. The purpose of this meeting is for the NRC staff to meet directly with individuals to discuss regulatory and technical issues. Attendees will have an opportunity to ask questions of the NRC staff or make comments about the issues discussed throughout the meeting; however, the NRC is not actively soliciting comments towards regulatory decisions at this meeting.
Purpose:	The seventh NRC AI Workshop provides an update on the agency's AI maturity journey, regulatory readiness plans, and external innovations driving the nuclear enterprise. This year's workshop will feature real-world internal use cases and demonstrations that streamline agency operations alongside progress updates on AI regulatory considerations and research activities. Bringing together diverse perspectives from licensees, reactor developers, academia, and research organizations, this event bridges regulatory modernization with technical breakthroughs to explore safe, transparent, and efficient AI deployment across the nuclear sector. Building on the foundation established in prior workshops, this meeting will continue the dialogue around regulatory and technical considerations for AI use in nuclear applications. The workshop aims to support shared understanding and solicit feedback to inform future regulatory approaches as AI continues to evolve within the nuclear landscape.

If you need a reasonable accommodation due to a disability to participate in this meeting or need meeting materials in another format (e.g. braille, large print), please email Reasonable_Accommodations.Resource@nrc.gov. Determinations on requests for reasonable accommodation will be made on a case-by-case basis and the agency may choose between which effective accommodations to provide. At least ten (10) days advance notice is recommended in order for a request to be processed and implemented if approved. However, every effort will be made to address any reasonable accommodations requests received with less notice.

If you have difficulty understanding and/or communicating in English, free language assistance or other aids and services may be available, upon request. Please email lepresources@nrc.gov. Determinations on requests will be made on a case-by-case basis. At least ten (10) days advance notice is recommended in order for a request to be processed and implemented if approved. However, every effort will be made to address any reasonable accommodations requests received with less notice.

PUBLIC MEETING AGENDA
