Subject: FW: NRC-DOE Cooperating Agency Memorandum of Understanding

Good morning, Robert. We are identifying approaches to amend the SSP-2 deed more efficiently and rapidly for Orano's planned industrial and commercial use at Oak Ridge. As a result, we no longer need to be a cooperating agency on the NRC's EIS for Orano's license. With this email, I am discontinuing/terminating the MOU since we no longer need to be a cooperating agency. Please let me know if you have any questions.
