Team,

I reviewed the final 2 responses for **RAI-RA-CG-9** and **RAI-RA-CG-10**. No further discussion on either is required on my end. I also reviewed the meeting summary with the edits Harold made and concur with its content.

Please let me know if you need anything else from me, thank you all for your time yesterday, it was a great conversation. Have a great weekend.

Importance: High

Good afternoon,

It was a nice discussion today. Attached is the draft meeting summary (1st attachment) of today's meeting to discuss the USCG RAIs and corresponding responses. The second attachment is the revised file that Harold sent to the attendees with PNNL's responses and RAIs renumbering for your reference.

I will appreciate any edits to the summary **NLT next Tuesday, September 14th, 2026.**

Thanks in advance,

Norma Garcia Santos
