² Only Mr. Maxwell and authorized representatives of Eden Radioisotopes and the NRC Staff who have entered an appearance will be permitted to participate. See 10 C.F.R. § 2.314(b). The Board expects the participants to conduct themselves as if in a hearing room setting, which includes seeking to minimize outside noise and interruptions while the argument is ongoing. Participants also should make arrangements, as necessary, that will allow for prompt consultation with colleagues or experts in formulating a response to a Board question, as the video access will not provide participants with the ability to communicate off-the-record.
