Consequence vs risk informed

.htm">rewrites of draft §70.60, §70.62, and related
definitions have been recently posted on this website and comments are
being sought in this thread on the changes aimed at clarifying the
apparent confusion regarding the draft rule being "consequence-driven"
as opposed to "risk-informed." This confusion was a major topic of
discussion at the December 3-4, 1998,<A
HREF="http://techconf.llnl.gov/cgi-bin/downloader/dom_lic_lib/042-0044
.htm">public meeting on the draft rule.

Do the proposed changes clarify that the rule is risk-informed?
