Officer  
U. S. Nuclear Regulatory Commission  
Washington, DC 20555

Dear Donnie:

Looks like I am finally going to have to learn how to use a computer. Below are the records I normally review at the PDR in hard copy, and I can be in and out of there in under three hours.

Are all of these records going to be available electronically, and how much delay will there be for them to get on the system?

Below are the records I review in hard copy at the PDR. Would you give me a site where I can find them under the new program.

The records are:

PNOs

Staff Requirements Memos

Enforcement Actions

Information Notices

Generic Letters

HQS Press Releases

Regional Press Releases

Weekly Information Reports

Commission Correspondence.

ACMUI Transcripts and Meeting Summaries

Petitions for Rulemaking and Comments

Proposed Rules and Comments

OMB ORG File

State Programs ORG File

SEP 01 1995 10:00 17:00 03  
Agreement State Correspondence Files

Recently Released SECY Papers

Commission Transcripts

NUREG Reports.

Donnie, will this stuff be put into the system so that the newest material is on the top or bottom, or will it be all lumped together?

I still think this is a bad idea, but I guess it is too late for that.

Appreciate any help you can give me.

Thanks,

Joseph M. Felton
