Dear Dr. Greenspan:

On September 20, 1999, Dick Ladun of this office conducted a safety inspection at the above address of activities authorized by the above listed NRC license. The inspection was limited to a discussion with Dr. Flowers concerning the possession of licensed radioactive material. From this discussion, we understand that you have never possessed licensed radioactive material as authorized by the license number identified above. We further understand that you will be sending a letter to the NRC requesting termination of your NRC license in the near future. If our understanding is incorrect, please inform us as soon as possible in writing. If you have any questions regarding this matter you may contact Mr. Ladun by telephone at (610) 337-5375. The findings of the inspection were discussed with Dr. Flowers of your organization at the conclusion of the inspection.

Within the scope of this inspection, no violations were identified.
