COMMENT RESOLUTION

In their vote sheets, Commissioners Diaz, McGaffigan, and Merrifield disapproved the staff's recommendation to encourage licensees to document and retain all records relevant to any large-scale reorganization or downsizing effort (Option 4), and provided some additional comments. Chairman Dicus approved Option 4. The Chairman also believed that OI should be directed to report back to the Commission rather than wait for OI to inform the Commission if there is a problem, thus indicating the Commission's interest in ensuring that allegations of discrimination are thoroughly and efficiently investigated. Subsequently, the comments of the Commission were incorporated into the guidance to staff as reflected in the SRM issued on October 13, 1999.
