Subject: Thermal Effects on Flow (TEF) KTI Intermediate Milestone No. 1402-661-930: Process-Level Sensitivity Analysis (REFLUX3/MULTIFLO)—Status Report

Dear Mr. Pohle:

Attached is the Center for Nuclear Waste Regulatory Analyses (CNWRA) document entitled "Process- and Systems-Level Sensitivity Analyses—Status Report." To better reflect in these analyses recent U.S. Department of Energy repository design changes, the delivery date for this milestone has been rescheduled from July 30, 1999 to September 10, 1999 through the CNWRA Program Manager's Periodic Report for Period 10-FY1999. This technical document fulfills the requirements for the subject milestone.

If you have any questions on this report, please contact me at (210) 522-5151 or Ronald T. Green at (210) 522-5305.

Sincerely,

Asadul H. Chowdhury, Manager
Mining, Geotechnical, and
Facility Engineering
