SUBJECT: COMANCHE PEAK STEAM ELECTRIC STATION (CPSES)
DOCKET NOS. 50-445 AND 50-446
SEMI-ANNUAL MATERIAL BALANCE REPORT

Gentlemen:

In accordance with 10CFR74.13(a)(1) TXU Electric hereby requests an alternate schedule for submittal of the semi-annual material balance report for the period ending September 30, 1999, for special nuclear material licensed under Facility Operating Licenses Nos. NFP-87 and NFP-89 for CPSES Units 1 and 2, respectively. TXU Electric will submit the report by November 15, 1999. TXU Electric provides good cause for delaying the submittal of this report because of resource conflicts with the current Unit 1 outage and computer code updates implemented along with Y2K updates which has resulted in data round off errors which require resolution prior to filing this report.

Should you have any questions concerning this schedule, please contact Mr. A. W. Rosette at (254) 897-5452, or Mr. J. D. Seawright at (254) 897-0140.
