Subject: Monthly Operating Report

In accordance with Technical Specification 5.6.4, "Monthly Operating Reports," we are submitting the Monthly Operating Report for Byron Station, Units 1 and 2. This report covers the period June 1, 1999, to June 30, 1999.

This report supercedes this original June 1999 report, transmitted by our July 12, 1999 letter, as the original report contained incorrect data. The Net Electrical Energy data provided for Units 1 and 2 was erroneously reported utilizing the Gross Electrical Energy data. This error additionally invalidated the Net Electrical Energy year to date and cumulative data for Units 1 and 2.

If you have any questions regarding this report, please contact Mr. Karl K. Moser, Acting Regulatory Assurance Manager, at (815) 234-5441 extension 2159.

Respectfully,
