RE: NRC Docket No. 50-423 (Millstone Unit 3); Central Maine Power Company -  
Merger of Parent Holding Company; Replacement of Page 16, Attachment A

Dear Sir or Madam::

By letter dated October 6, 1999, Central Maine Power Company filed a request for threshold determination or consent under 10 C.F.R. § 50.80 with respect to the acquisition of its parent, CMP Group, Inc. by Energy East Corporation. The last page of Attachment A ( page 16) to that letter inadvertently retained a "draft" line. Please find enclosed a corrected version of page 16 that eliminates the draft line; Attachment A as filed was the final version.

Should you have any questions regarding this letter, please feel free to contact me.

Sincerely yours,

Arthur H. Dombey

Enclosure: As stated

possible after all regulatory and shareholder approvals have been obtained. Central Maine respectfully requests that the NRC expedite its review of this request on a schedule that will permit the issuance of any required NRC consents as promptly as possible and, in any event, by December 31, 1999.

#### VIII. REQUESTED NRC ACTION

For the reasons stated above, Central Maine respectfully submits that the proposed acquisition of CMP Group by Energy East is consistent with the applicable provisions of the Atomic Energy Act, NRC regulations and NRC orders issued pursuant thereto. Central Maine therefore respectfully requests that, to the extent required by Section 184 of the Atomic Energy Act and 10 CFR § 50.80, the NRC consent to any indirect transfer of control of any NRC licenses that may occur in connection with this transaction.
