FOIA REQUEST

Dear FOI Officer:

Pursuant to the federal Freedom of Information Act, 5 U.S.C. s. 552, I request access to and copies of all documentation from 1966 to the present related to the transportation and/or disposal of radioactive materials to and from the facility operated by the Goodyear Atomic Corporation for the federal government located at Wingfoot Lake in Suffield Township in Ohio. This request includes documents referencing all haulers to and from the facility, including the Teledyne Isotopes company.

I request that all applicable fee be waived. The American Friends Service Committee (AFSC) is a religiously-based, non-profit organization. Release of the requested information is in the public interest because it will contribute significantly to public understanding of government operations and activities by either confirming or refuting claims by the public, media, public officials and regulatory staff of the presence of radiation at the site.

If my request is denied in whole or part, I ask that you justify all deletions by reference to specific exemptions of the act. I will also expect you to release all segregable portions of otherwise exempt material. I, of course, reserve the right to appeal your decision to withhold any information or to deny a waiver of fees.

I look forward to your reply within 10 business days, as the statute requires.

Thank you for your assistance.

Respectfully,

 Gregory D. Coleridge
 Director

The American Friends Service Committee is a Quaker social action organization seeking non-violent solutions to human problems through promoting understanding and peace and helping those ill and oppressed.
