In Re: Molycorp, Inc. - Canton Township

Dear Randy:

I have previously advised you (via voice mail) that our Canton Township representatives were not available on November 3, 1999 as you proposed and that my counter-proposal was to meet on Wednesday, November 10, 1999. Please advise me whether this date is satisfactory to you and your client.

We would like to obtain copies of the documents you set forth in your October 25, 1999 letter to me, namely Nos. 1,2,4,5,8,9,10,11, and 12 which are:

- Washington Decommissioning Plan
- Washington Decommissioning Plan, Rev.1 part 1
- Washington Facility Environmental Report, Volumes 1 &2
- Oak Ridge Associated University Washington Site Survey
- Findlay Site Cleanup Final Report
- Final Design Report Temporary Storage
- Report Regarding Hydrology and Temporary Storage Area
- York Decommissioning Plan (6/99) (Revision 1)
- York Site Characterization Report, Vol 1 &2

I note that you have not addressed a few of the documents requested in my October 11, 1999 letter to you, namely the following:

- Source Materials License Number S.B.-1393
- License Amendment Request and related reports
- Correspondence to and from the NRC
- Molycorp Plant Map referred to at the September 29, 1999 NRC meeting

We would also like copies of these documents.

We need actual copies of the documents that we can retain for future analysis and use. We remain willing to reimburse your client for the reasonable cost of such copies.

It would be beneficial for us to review these remaining documents prior to the meeting between our clients and the City of Washington. Please advise when such documents will be available.

Sincerely yours,

SAMUEL R. GRECO
