Shirley Ann Jackson, Chairman
US Nuclear Regulatory Commission
Washington, DC 20555

Dear Chairman Jackson,

I am writing to express my interest in the NRC's forthcoming ruling on the decommissioning standards to be applied at the West Valley Demonstration Project.

I urge the Commission to set standards that are as strict as those for decommission other sites in the US. The Department of Energy has a difficult job at West Valley, but no one benefits if the DoE is allowed to perform at a lower standard.

Sincerely,

Aaron Lercher
