Dear Mr. Treby:

As we discussed last week, ABB Combustion Engineering Nuclear Power, Inc. desires to change its name to ABB C-E Nuclear Power, Inc. I have enclosed letters requesting the NRC's concurrence to this change; separate letters are enclosed for each regulated activity for ease of administration (all nuclear export licenses are covered in one letter).

Would you please arrange such review of this change as is necessary. I am available to provide any additional information which you feel is necessary.

Very truly yours,

Robert S. Bell, Jr.
