Washington, DC 20555-0001

**Re: Approval Holder Name Change: Approved Quality Assurance Programs
NRC Docket No. 52-002**

Gentlemen:

As a result of organizational changes approved by the U. S. Nuclear Regulatory Commission (NRC) in June, 1999, ABB Combustion Engineering Nuclear Power, Inc. currently holds the subject Quality Assurance Programs approval. Reference is made to my letter to the NRC dated June 10, 1999.

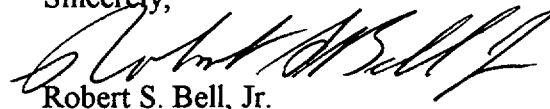

Please be advised that, as soon as all necessary approvals have been obtained, ABB Combustion Engineering Nuclear Power, Inc. will change its name to ABB C-E Nuclear Power, Inc. This is a simple change in name to be conducted pursuant to applicable state law, and does not affect the corporate status of the company.

No changes to staffing, ownership, control or legal organizational structure are associated with this name change.

I request that, to the extent NRC consent is required for this name change, the NRC consent to it.

Should there be any questions regarding this matter please contact me at 860-285-9780.

Sincerely,

Robert S. Bell, Jr.

ABB Combustion Engineering Nuclear Power, Inc.

Robert S. Bell, Jr.
Vice President, Secretary
and General Counsel
