November 5, 1999

SUBJECT: PUBLIC MEETINGS ON SPENT NUCLEAR FUEL CASK RESPONSES TO SEVERE ACCIDENTS

Dear Mr. Loux:

Thank you for your letter dated October 26, 1999, regarding the Nuclear Regulatory Commission's (NRC) upcoming public meetings on a study of spent nuclear fuel cask responses to severe transportation accidents. During the initial planning for this meeting, the NRC invited individuals representing a wide range of opinions and views to sit at the roundtable and to participate in the discussion. Mr. Robert J. Halstead was one of those individuals. We look forward to Mr. Halstead's contribution at the meeting and appreciate your informing us that he will be acting as your representative at both meetings. Please have Mr. Halstead contact Mr. Chip Cameron, the meeting facilitator, at (301) 415-1642 if he has any questions about the meeting.

Sincerely,

Original /s/ by:

E. William Brach, Director
 Spent Fuel Project Office
 Office of Nuclear Material Safety
 and Safeguards

SUBJECT: PUBLIC MEETINGS ON SPENT NUCLEAR FUEL CASK RESPONSES TO SEVERE ACCIDENTS

Dear Mr. Loux:

Thank you for your letter dated October 26, 1999, in response to my letter regarding the upcoming public meetings on a study of spent nuclear fuel cask responses to severe transportation accidents. Diversity of attendees and participation at these meetings is very important to the U.S. Nuclear Regulatory Commission. From the beginning, we had planned to invite Mr. Robert J. Halstead to both meetings, and as you have requested, he will be offered a place at the table. If Mr. Halstead hasn't already spoken with Mr. Chip Cameron, the facilitator for the meeting, please have him call Mr. Cameron at (301) 415-1642.

Sincerely,

E. William Brach, Director
