

Federal Emergency Management Agency

Region VII
2323 Grand Blvd., Suite 900
Kansas City, MO 64108-2670

NOV 2 1999

Mr. Ellis Merschoff
Regional Administrator
U.S. NRC Region IV
611 Ryan Plaza Drive, Suite 400
Arlington, Texas 76011

Dear Mr. Merschoff:

Enclosed is a copy of the final report for the September 14, 1999, full-scale exercise which demonstrated the offsite radiological emergency response plans site-specific to the Callaway Nuclear Power Plant. The state of Missouri and the counties of Callaway, Gasconade, Montgomery, and Osage participated during the exercise. The report was prepared by the Federal Emergency Management Agency (FEMA) Region VII staff. A copy of the final report will be provided to the state of Missouri.

There were no Deficiencies identified during the exercise. There was one Area Requiring Corrective Action (ARCA) identified during the exercise. The FEMA Region VII staff has worked with the State of Missouri and the ARCA has been corrected by a plan change.

If you have questions or concerns regarding the report, please contact Mr. Eric A. Jenkins, RAC Chairman and Chief, Preparedness and Readiness Branch at (816) 283-7021.

Sincerely,

John A. Miller
Regional Director
