SUBJECT: INDUSTRIAL SECURITY PLAN, REVISION 18, APPENDIX A (CHANGE 1)

Dear Mr. Campbell:

This refers to your letter dated May 28, 1999 which transmitted Revision 18, Appendix A (Change 1) to the Davis Besse Industrial Security Plan. This revision described the transition process to the new security computer system (Security Data Management System (SDMS)), and was submitted under the provisions of 10 CFR 50.54(p).

Based on our review of this revision, we concluded that the described temporary, compensatory measures were adequate and therefore acceptable under the provisions of 10 CFR 50.54(p). We observed these compensatory measures during a site security inspection conducted September 28 to October 1, 1999. No problems were identified. Based on the telephone conversation between Mr. Gary Skeel of your staff and Mr. James Belanger of the Region III safeguards staff on November 10, 1999, we understand that you have completed the SDMS project and Appendix A was no longer applicable.

The enclosure to your letter concerns a subject matter which is exempt from public disclosure in accordance with 10 CFR 73.21 and is therefore being withheld from public disclosure. In accordance with 10 CFR 2.790 of the Commission's regulations, a copy of this letter will be placed in the NRC Public Document Room.

Sincerely,

James R. Creed
Safeguards Program Manager
