Cynthia - Brunswick has taken a look at the draft and would like a conference call with us Tuesday pm (probably 2:00 pm) to tell us what their written comments will be. Since I haven't had time to really read the draft BO I will depend on you to set me straight on issues that are in the draft BO that we will probably be supplying NMFS comments on. Brunswick will provide written comments the end of the week.
Dave - Glenn Thearling told me that he would work through you to set it up. Thanks.
