FYI- Recieved a call from Bob Hoffman of NMFS. He said that Brunswick had gotten in touch with NMFS and had asked for a meeting to discuss the ITS re-submittal. Bob mention the 9 or 10th of next month as the meeting date. That is the Tues or Wed after Labor Day. I assume (?) Brunswick is going to call the PM and ask for NRC participation in the meeting. Hopefully the PM is already aware of this.

Correct me if I am wrong on this- isn't NRC suppose to set the meetings with NMFS, not the licensee set up meetings and then tell us about them?

Hope all is well back in the office.....
