SUBJECT: MEETING SUMMARY - CATAWBA NUCLEAR PLANT (CNS)

Dear Mr. Peterson:

This refers to the open meeting to discuss Operator Licensing issues at the Catawba Nuclear Plant. The meeting was conducted at your request in the Region II Office on October 26, 1999. A list of attendees is enclosed.

It is our opinion that this meeting was beneficial in that it provided a better understanding of the operator licensing issues at the Catawba Nuclear Plant. The issues discussed included lessons learned from your review and the NRC's review of the recent initial operator licensing examination at Catawba and your planned improvements to your operator licensing training program.

In accordance with Section 2.790(a) of the NRC's "Rules of Practice," Part 2, Title 10, Code of Federal Regulations, a copy of this letter and its enclosures will be placed in the NRC Public Document Room.

Should you have any questions concerning this meeting, please contact us.

Sincerely,
