Dear Mr. Galen:

Please find enclosed a copy of the Arkansas Department of Health's evaluation as entered into the U.S. Nuclear Regulatory Commission's Registry of Radioactive Sealed Sources and Devices. Please find also enclosed a copy of a letter dated July 22, 1983 from Mr. Robert J. Doda, U.S. Nuclear Regulatory Commission, Region IV, regarding the Department's evaluation.

During our telephone conversation on Friday, August 12, 1983, we discussed correspondence from Mr. Robert Buckley, General Manager, Process Technology, Inc. to Ms. Greta Nagle dated January 24, 1983 and from Ms. Nagle to Mr. Buckley dated January 31, 1983. Each letter made reference to NPI Drawing 200234, Rev E.

You indicated that Revision E was in reference to the sealed sources in question with an outer encapsulation which is of "304" stainless steel alloy.

To date, the Department has not received drawings and information regarding the referenced NPI Drawing 200234 Rev. E. The Department's evaluation was for NPI Drawing A 200234-D.

Please be advised that a copy of this letter and attachments will be forwarded to Mr. Robert Buckley, Process Technology, Inc. West Memphis, Arkansas and Dr. Martin Welt, Radiation Technology, Inc., Rockaway, New Jersey.

If you have any questions regarding this matter, please feel free to call me.

Sincerely,
Bernard Bevill
