SUBJECT: INDIAN POINT NUCLEAR GENERATING UNIT NO. 3 RE: SPECIAL NUCLEAR  
MATERIAL INVENTORY REPORT (TAC NO. MA6889)

Dear Mr. Knubel:

The *Code of Federal Regulations* at 10 CFR 70.53(a)(1) and 10 CFR 74.13(a)(1), requires you to submit a Physical Inventory Summary Report as of March 31 and September 30 of each year and file it within 30 days after the end of the period covered by the report. By letter dated October 7, 1999, you requested an extension until December 20, 1999, for the report for the period April 1, 1999, to September 30, 1999. You stated that because the plant shut down near the end of the reporting period, additional time would be needed to update the special nuclear material databases to reflect recent changes.

The NRC staff has reviewed your request and finds that there is good cause for an extension of the deadline for the report covering April 1, 1999, to September 30, 1999, until December 20, 1999. If you have any questions, please call me at (301) 415-1494.

Sincerely,
