Dear Ms. DeBiase:

Thank you for your letter dated October 18, 1999, responding to our request for an evaluation and response to the recommendations of the final Integrated Materials Performance Evaluation Program (IMPEP) review report for the Maryland Agreement State Program. Although we requested your evaluation and response to Recommendations 4, 6, 7, 8, and 9, we appreciated your comments and the updated status of all recommendations and comments as noted in your letter. We find your responses adequate and will conduct the follow-up IMPEP review focusing on the State's licensing and sealed source and device evaluation programs in July 2000.

We appreciate the positive actions that you and your staff have taken and are continuing to implement with regard to our comments. I look forward to our agencies continuing to work cooperatively in the future.

Sincerely,
