Senior Radioactive Materials Inspector  
Radiological Health Program  
Division of Health Engineering  
10 State House Station  
Augusta, ME 04333-0010

Dear Mr. Seeley:

We have reviewed the final Maine regulations, Parts A, C, D, and E submitted to us in your letter dated June 28, 1999, and which became effective on August 26, 1999. The final regulations are in response to the five amendments identified in the enclosed Regulation Assessment Tracking System (RATS) Data Sheet. The regulations were reviewed by comparison to the equivalent NRC regulations in 10 CFR Parts 20, 30, and 34.

As a result of the NRC review and your incorporation of the comments on the draft regulations that NRC provided in a letter dated April 5, 1999, we have determined that the Maine regulations, as adopted, meet the compatibility and health and safety categories established in the Office of State Programs (OSP) Procedure SA-200.

We have also summarized on the RATS Data Sheet our knowledge of the status of other Maine regulations. Please let us know if you note any inaccuracies or have any comments on the information contained in the RATS Data Sheet.

If you have any questions regarding the comments, the compatibility and health and safety categories, or any of the NRC regulations used in the review, please contact me at (301) 415-2325 or Thomas O'Brien of my staff at (301) 415-2308 or TJO@NRC.GOV.

Sincerely,
