OFFICE OF THE SECRETARY  
U.S. DEPARTMENT OF JUSTICE  
ADMINISTRATIVE SERVICES DIVISION

DOCKET NUMBER  
PETITION RULE PRM 30-62  
(64FR57785)

Dear Mr. Secretary,

*This letter is in support of the proposed rules to prevent a nuclear power plant accident. Not to do so would be unconscionable once the question is before us.*

*Should these rules be disapproved and an accident occur as a result,, the lives of those responsible would be changed for the worse forever. Please do the next right thing.*

Best Wishes,  
*Betty Streett*
