**Subject:** Strategy on Fermi TS Compliance Issue

Steve and Andy

The following is a basic outline of the strategy and schedule for dispositioning the issue:

June 10, 1999 the TIA was issued to NRR.

June 18, 1999 routine resident exit, keep UNR open and discuss operations handling of this issue, and provide assessment on the adequacy of licensee corrective actions with respect to investigating this issue (were site procedurs followed, was operator knowledge adequate....).

July 16,1999 (tentative) receive TIA response from NRR

July 23,1999 routine resident exit for IR 99010, present NRC position on UNR , and take appropriate enforcement action if necessary. IR 99010 to be signed out by DRP Director if necessary.

If you have any questions please give me a call.

Thanks!

Tony V.
