Re: **Nine Mile Point Units 1 and 2
Facility Operating License Nos. DPR-63 & NPF-69
Application for License Transfers and
Conforming Administrative License Amendments**

Dear Sir/Madam:

On September 10, 1999, AmerGen Energy Company, LLC ("AmerGen"), Niagara Mohawk Power Corporation, and New York State Electric & Gas Corporation ("the Applicants") submitted a joint Application for License Transfers and Conforming License Amendments ("the Application") requesting NRC consent to the transfers of the Nine Mile Point Units 1 and 2 operating licenses to AmerGen.

The "Organizational Chart, Post-Acquisition Management, Nine Mile Point," provided to the NRC as Enclosure 5 to the Application incorrectly identified the "Safety Review and Audit Board" as the "Site Review and Audit Board." The Applicants request that the enclosed Organizational Chart be substituted for the Organizational Chart originally included as Enclosure 5 of the Application.
