Washington, DC 2055-0001

Ref: December 7<sup>th</sup> and 8<sup>th</sup> Public Hearings Before the ASLB  
Raleigh & Chapel Hill North Carolina

Dear Staff:

Please consider this a request to speak at the referenced hearings. I am retired from CP&L. I was the Project General Manager in charge of construction during the Harris construction period. I have over 30 years experience in nuclear plant design, construction, and operations support.

I am requesting to speak for myself as a member of the public. I want to speak because I resent that so much of the criticism from the other side in such proceedings ultimately serves to malign the competence and dedication of the men and women working in the nuclear industry. These are unfair accusations and deserve a rebuttal

I would like to address the board on Tuesday, December 7 at the McKimmon Center at North Carolina State University during the Afternoon session between 1:00 PM and 4:00 PM.

Please advise if you can accommodate my request.

Sincerely,

Roland M. Parsons
