IE Bulletin 79-14

Gentlemen:

Our letter dated April 7, 1981 indicated that a final report would be submitted by July 31, 1981 concerning the activities which we have performed to satisfy the requirements of I.E. Bulletin 79-14. We request an extension of time of two weeks to submit this report. This additional time is required to complete a comprehensive review of the information supplied to us by the Architect/Engineer and the equipment vendors as related to the reanalysis effort. Vendor responses to our Architect/Engineer have not been as timely as anticipated and as a result we are awaiting vendor concurrence for seven components.

Very truly yours,

J. J. Carey
