

DOCKET NUMBER
PROPOSED RULE **PR 20**

(64FR35090)

DOCKETED
USFAC

11/29/99

(156)

99 DEC-7 AIO:13

Dear Secretary -

I oppose recycling of radioactive wastes into consumer products!!
Untold numbers of people would be/will be exposed to radiation.

You want to set standards! No
DOSE of recycled radioactive material into consumer products is acceptable.
Exposure to radiation should be avoided - not increased through an industry - backed rules.

Sincerely,

Jessica Raymond
