DOCKET NUMBER
PROPOSED RULE **PR 20**
(64FR35090)

Attention: Rulemaking and Adjudications Staff

Dear Secretary:

It has come to my attention that you want to recycle radioactive waste into consumer products, and that it may in fact already be done. Exposure to radiation should be avoided as much as possible and not increased through an industry backed rulemaking!

I certainly hope that you will reconsider this awful possibility and decide to dispose of radioactive waste responsibly.

Sincerely,
