Secretary, U.S. Nuclear Regulatory  
Washington, DC 20555

Attn: Rulemaking  
Adjudication Staff

Dec. 5, 1999

Dear Staff:

We are very disturbed to think that  
the nuclear power + weapons industries, the  
DOE and the NRC propose to recycle  
radioactive waste into consumer products.  
We are appalled that any standard close  
would be considered.

Lewis and Lois HEAD
