ADJUDICATION

Secretary
U.S. Nuclear Regulatory Commission
Washington, DC - 20555

Attention: Rulemaking and Adjudications Staff

Dear Staffmembers,

We are writing to urge you to reject the use of recycled radioactive materials. We believe that radioactive materials have the potential to be harmful to our health and to our environment. No dose of radioactivity is acceptable for recycling! Exposures to radiation need to be decreased, not increased!

Thank you for your time and consideration.

Sincerely,
David and Judy Gold
