DOE, Washington, D.C. 20585  
U.S.A

Dear Dr. Caravelli,

This is in reference to your letter dated November 22, 1999, the Government of the Republic of Korea confirms the following particulars on the international transfer of 120,000 kilograms of natural and low-enriched uranium in the form of UF<sub>6</sub> for use by the Korea Electric Power Corporation(KEPCO) as reload fuel and blanket material for the Kori and Younggwang reactors. The material will be converted and fabricated by KEPCO Nuclear Fuel Company, Ltd.(KNFC), the intermediate consignee on the license application. (export license No. XSNM3112):

- (a) The transfer of above material will be subject to all the terms and conditions of the Agreement for Cooperation Concerning the Civil Uses of Atomic Energy between the Government of the Republic of Korea and the Government of the United States, as amended, which enter into force on March 19, 1973;
- (b) The Korea Electric Power Corporation (KEPCO), the ultimate consignee, is authorized by the Government of the Republic of Korea to receive and possess the material.

Thank you very much for your continuous cooperation.

Yours sincerely,

0100011

Mun-Ki Lee  
Director  
Nuclear Policy and Safeguards Division
