Hwy. 75 - North of Fort Calhoun
Fort Calhoun, Nebraska 68023-0399

SUBJECT: FEDERAL EMERGENCY MANAGEMENT AGENCY'S REPORT

Dear Mr. Gambhir:

Enclosed is a copy of the Federal Emergency Management Agency's (FEMA) exercise evaluation report of the August 10, 1999, emergency preparedness exercise at the Fort Calhoun Nuclear Station.

The report indicates that FEMA observed one deficiency and five areas requiring corrective action during the exercise. In addition, one area requiring corrective action remained open from the previous Fort Calhoun exercise. The deficiency has been corrected by the State of Iowa through a change to the state emergency plan.

The purpose of this letter is to transmit to you the results of the FEMA evaluation of the emergency exercise. No response to the NRC is required.

If you have any further questions, please contact Mr. Paul J. Elkmann at (817) 276-6539.

Sincerely,

Arthur T. Howell for

Gail M. Good, Chief
Plant Support Branch
Division of Reactor Safety
