Arlington, TX 76011-8064

SUBJECT: Application For Type B Broad Scope Radioactive Material License

Please find enclosed Vista Technologies Inc. (Vista) application for Type B Broad Scope Radioactive Materials License (NRC Form 313).

Per instructions in NRC Form 313, detailed information pertaining to items 5 through 11 of Form 313 are attached to this transmittal letter. Each separate sheet or document submitted with this application is identified and keyed to the item number of the application to which it refers to. In addition, a statement regarding financial assurance is provided.

It is Vista's plan that the Vista Radiation Safety Program Manual will be an information document except where specifically referenced as part of the licensing basis in the attachments to NRC Form 313 that follow.

Per 10 CFR 170.31, we have estimated the following application fees:

- 1.D. Special nuclear material: \$780
- 2.C. Source material: \$3,700
- 3.N. (2) Byproduct material: \$2,100
- 4.B. Waste disposal and processing: \$2,600

Out total estimated application fee of \$9,180 is enclosed.

Mr. Andrew De La Paz will serve as the Vista Radiation Safety Officer and he will be your point of contact during the review of the application and during the period of the license. Please do not hesitate to call him at (615) 874-7887 or (210) 829-5800 if you need additional information or clarification.

Sincerely,

A handwritten signature in black ink, appearing to read "Armando De La Paz", with a long horizontal flourish extending to the right.
