Washington 25, D. C.

Gentlemen:

Please find enclosed Application Form 313 in the name of Jones and Laughlin Steel Corporation, Aliquippa, Pennsylvania, for license to use a level device, Industrial Nucleonics Model No. LS-102. The source part number is BB-S-10064 and contains 250 millicuries of Cesium-137.

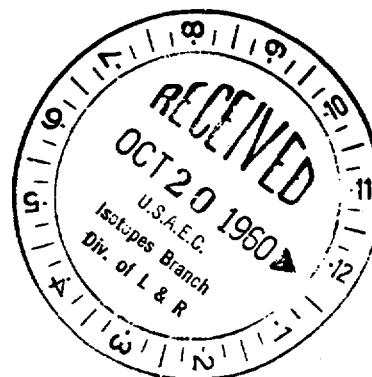

Thank you for your consideration. If any question arises in connection with our device or our customer's application, please call me.

Very truly yours,

E. R. Ferraro, Manager
Radiological Operations
