Gentlemen:

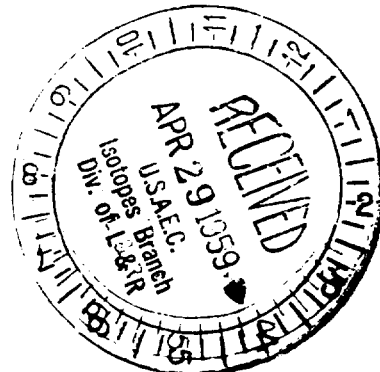

Please find enclosed Forms AEC-313 and AEC-313B. These forms are submitted as an amendment to license No. 37-1258-2 issued June 6, 1957. A new license is being requested to cover an additional source, an extension of the places where the equipment will be used and the assumption on our part of greater source control responsibility.

In your return correspondence, we would appreciate a new supply of these forms.

Very truly yours,

Walter A. Wilson
