Subject: USE OF EMULSION 170 UNIT

Dear Dr. Blahd:

Reference is made to your letter dated October 22, 1956, inquiring as to whether or not Dr. Donald E. Burke may use the Emulsion 170 unit procured under Authorization No. 36832 at the Veterans Administration Hospital, Los Angeles, California.

Authorization No. 36832 limited the use of the Emulsion 170 Unit to the University of California, Department of Surgery, by Drs. Burke and Lidley. Since the same or a similar unit will now be used at the Veterans Administration Hospital, it will be necessary to file an application and subsequently receive a license. Application forms are enclosed for your use in this connection. Please complete Items 1 through 19 of Form ABE-313 and appropriate items of Form ABE-313a.

We appreciate your interest and cooperation in this matter.

Very truly yours,

**Chester E. Knast, Technical Reviewer
Byproduct Licensing Branch
Isotopes Extension
Division of Civilian Applications**
