Dear Dr. Travers,

The Millstone Nuclear Power Plant is a mere 14 miles from the shores of Long Island. This power plant has the **WORST SAFETY RECORD** of any plant in the country. It has been cited and fined by the NRC with numerous violations and mishaps have continued at an alarming rate.

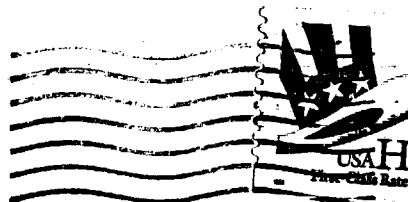

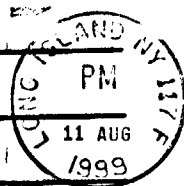

There is **NO EVACUATION PLAN**. There is **NO ESCAPE** for residents of Eastern Long Island. **YOU MUST ACT**, as our representative, to **SHUT DOWN MILLSTONE**. You must provide us with an evacuation plan and emergency planning in the event of a radiological accident. This is an important and essential responsibility and we are relying on your immediate action.

You cannot allow this plant to continue to operate with such disregard for the community and the environment which it directly threatens. You can not disregard our concerns. **PLEASE** do something **RIGHT NOW**. And please write back and tell me **WHAT YOU HAVE DONE** to protect us.

Sincerely yours,

Malve von Hassell
