Mrs. Beatrice N. Young

Secretary  
U. S. Nuclear Regulatory  
Washington, DC 20555

Dear Sir:

I cannot believe that  
radioactive materials are being  
sold to scrap metal dealers.

Do we have to wait years  
until deaths and illness give rise  
to a scandal when problems with  
radiation are traced back to the  
DOE? Please stop!

Sincerely,  
Beatrice N. Young
